---

I would like to see Rudi for the last time, also.  
Regards,  
Russ Banush

I've already responded that I will be attending on Sept. 19th because Rudy T. will only be there that day.

Tom

Subject HEADS UP: Technology Presentation: Mercedes-Benz  
Clean Diesel BLUETEC After-Treatment Systems

You are receiving this e-mail because you are interested in attending the Technology Presentation: Mercedes-Benz Clean Diesel BLUETEC After-Treatment Systems on September 19th and 20th. At this time, we are targeting the morning of Thursday, September 20th to attend. Marty is checking with Mercedes to see if the number of CISD attendees is acceptable and will send out a scheduler once he has confirmation.

In the meantime, please either try not to schedule anything for Thursday morning (Sept. 20) or place an appointment on your calendar to carve out this time so that we do not create conflicts. A Chrysler preview meeting has already been scheduled for Wednesday morning, Sept. 19, and I want to make sure that we don't have a similar occurrence for the morning of the 20th.

If you know, or find out, that you have meetings that you have to go to that morning and can no longer attend, please let myself or Marty know.

Thanks and look for a scheduler from Marty when we have confirmation.
